

DZEY ARCEL SAAVEDRA

IT STUDENT

ABOUT MYSELF

"I'm Dzey Arcel, a versatile and creative digital professional passionate about enhancing brand identity and visual communication through design and technology. Skilled in Adobe Creative Suite, Canva, video and photo editing, and UI/UX design, with additional expertise in AutoCAD, front-end development, and virtual assistance. I bring adaptability, strong attention to detail, and a commitment to delivering high-quality results in both creative and technical projects. Excited to contribute innovative ideas and reliable support to a dynamic team or client."

EXPERIENCE

- Designed custom logos and branding materials for clients, including business cards and promotional designs.
- Created multiple web design projects, focusing on UI/UX layouts and front-end functionality.
- Edited a short film and various video clips, delivering professional and engaging visual content.
- Produced mockup designs for t-shirts and other merchandise.
- Recreated a 3D school model in AutoCAD, showcasing architectural design and technical drafting skills.
- Designed creative assets for game projects, blending visual storytelling with user interaction.
- Collaborated with clients to understand their vision, ensuring results aligned with expectations.
- Managed timelines and budgets to deliver high-quality projects on time and within scope.
- Completed an internship at the Municipal Assessor's Office in Ubay, where I verified and organized documents, encoded data into digital records, and developed strong attention to detail and accuracy.
